Director's Notes

When it was decided that Revellers would mount another one of their themes shows we thought what better than the movies. Everyone loves the flicks!

I have been blessed with an exceptionally talented cast from the youngest - aged 5 - to the oldest aged.... Well let's just say he's pre war.

I have been helped in many ways by these young people as well as by my traditional team of experts and I thank them all sincerely.

Revellers have always prided themselves on nurturing new talent and I think you will agree with me that we are assured of many excellent future productions.

I hope you will enjoy the show and I urge you to support the next one too - our panto - to be directed by Helen Naylor assisted by Jo Linford - two of the aforementioned talented, young people.

Chairman's Notes

The Revellers have had a lot of upheaval recently because, after 25 years at St. John's Hall in Mayors Walk, we have had to relocate due to its closure. The Bowls Club is now our base, but this is no great hardship because we have been appearing here for many years with our supper theatres and have always been made most welcome by the very helpful staff.

After our last successful venture with theatre in the round, we now return to our traditional format. We once again have some children in our show which is always a delight for us all. They bring with them an enthusiasm and energy which I can certainly appreciate.

You will notice, by the content, that the younger members have had significant input into the show with a varied mix of entertainment. It is good to move with the times. However, as usual, we are still looking for backstage helpers as we are a society of performers. This is wonderful but it has its drawbacks as everyone wants to be on stage rather than behind the scenes. So, if you or anyone you know would be interested - age is no barrier - young or old - we would be happy to hear from you. I hope you enjoy this latest themed show.
